

Workshop on Orchid Cultivation

13–14 August 2026

Under the DBT Project

"Micropropagation of Selected Orchids and On-site Training on Orchid Cultivation for Skill Development and Entrepreneurship Promotion in Arunachal Pradesh"

About the Institutional Biotech Hub

Established in 2012 at Rajiv Gandhi University (RGU) with funding from the Department of Biotechnology (DBT), the Institutional Biotech Hub serves as a platform for quality teaching, advanced research, and hands-on training in biotechnology. The hub has provided students and faculty members with opportunities to learn modern laboratory techniques and strengthen research skills through practical exposure

About the Workshop

This two-day workshop is designed to provide practical knowledge and skills through lectures by subject experts and hands-on experience in orchid cultivation, establishment and management of orchidariums, and marketing opportunities and entrepreneurship development.

Intended participants

- Students of Life Sciences and Agriculture (UG & PG) from RGU
- Floriculturists and Orchid enthusiasts

Registration

Only 30 participants will be selected for the workshop on a first-come, first-served basis, subject to eligibility.

Last Date to Register: 10 Aug. 2026

Resource Persons

Dr. Krishna Chowlu, Scientist-D, BSI, Itanagar, Expertise: Orchid taxonomy

Dr. Bengia Mamu, Guest Asstt. Prof., J. N. College, Pasighat, Expertise: Orchid micropropagation

Ms. Donyak Abo, Scientist B, DBT-APSCS&T CoE, Kimin, Expertise: Orchid micropropagation

Ms. Tadu Yaniya, Research scholar, RGU, Expertise: Orchid micropropagation

Organizing Team

Prof. R. K. Singh, Coordinator & PI

Dr. Oyi Dai Nimasow, Co-PI

Dr. Tenya Rina, Co-PI

Tana Helli, Lab Attendant

Junmoni Das, Technical Assistant

DBT-NER Institutional Biotech Hub

Department of Botany

Rajiv Gandhi University

Doimukh – 791112, Arunachal Pradesh

Venue of the Workshop

RGU and DBT-APSCS&T Centre of Excellence for Bioresources and Sustainable Development
