NOTICE INVITING QUOTATION

(दिनांक Dated November 12, 2026)

No. DEVB-D901/10/2026: Sealed quotations are hereby invited from eligible and experienced firms/bidders for the construction of a borewell at Rajiv Gandhi University, Rono Hills, Doimukh, Arunachal Pradesh, as per the details and terms and conditions indicated below:

Details of Work

Sl. No.	Particulars of Work	Quantity	Unit	Rate
1.	Drilling of 9-inch diameter borehole, including fixing of 8-inch diameter M.S. pipe in the borehole from top to bottom and complete development of the borewell, as per the required specifications.	100	Metres	Per metre

2. Submission of Quotation

Sealed quotations, duly super scribed on the envelope as **"QUOTATION FOR CONSTRUCTION OF BOREWELL"**, should reach the undersigned on or before **18 November, 2026, by 3:00 PM**, during office hours. The bidders shall submit their quotations in person. In the event that the closing date happens to be a holiday, the next working day shall be treated as the last date for submission of quotations.

3. Quoted Rates and Validity

The bidder shall clearly indicate the make, size, quality, unit rate and other relevant specifications in the prescribed format. The quoted rates shall be inclusive of GST and all applicable taxes, duties, transportation and other incidental charges. The rates quoted shall remain valid for a period of **one year** from the date of submission of the quotation.

4. Evaluation of Quotations

The rates quoted by the bidders shall be evaluated by the duly constituted committee on the basis of the specifications, quality, make and unit rates indicated in the quotations. The comparative statement prepared by the committee shall form the basis for recommending the selection of the eligible bidder and placement of the work order by the competent authority.

5. Completion of Work

The selected firm shall be responsible for executing and completing the work within the stipulated period. In the event of any anticipated delay or inability to complete the work within the prescribed timeline, the firm shall immediately intimate the undersigned in writing, indicating the reasons thereof. Failure to do so, or failure to complete the work within the stipulated period without sufficient justification, may result in cancellation of the work order and allotment of the work to another eligible firm, at the risk and cost of the defaulting firm, as deemed appropriate by the University.

6. Documents to be submitted

It shall be mandatory for the bidder to submit self-attested copies of the following documents along with the quotation and summary of the statement as indicated below:

a. GST Registration Certificate;
b. Bank account details;
c. Valid Trading Licence/Trade Licence, wherever applicable; and
d. PAN Card.
e. Experiences of having executed the similar works

7. Scope of Work

The scope of work shall include identification and finalisation of a suitable site in consultation with the University, drilling of the borewell, installation of the requisite pipes and other accessories, development of the borewell, and making the potable water available in accordance with the specifications and requirements prescribed by the University. All labour, materials, machinery, equipment and incidental arrangements required for successful execution of the work shall be the responsibility of the selected firm.

8. Unsuccessful Borewell

In the event that the borewell proves unsuccessful due to non-availability or insufficient availability of groundwater, boring failure or any other technical reason attributable to the site or execution of the work, the University shall not be liable to make any payment towards such unsuccessful work.

9. Assured Water Yield

The selected firm shall ensure an adequate and sustainable yield of potable water from the deep borewell, with an assured discharge capacity of **20,000 to 30,000 litres per hour**, subject to actual groundwater availability and the technical feasibility of the site. The firm shall undertake appropriate testing to establish the yield and availability of water.

10. Assurance and Alternative Arrangement

The selected firm shall provide a written undertaking assuring the uninterrupted availability of the stipulated quantity of potable water for a period of **one year** from the date of successful completion and commissioning of the borewell.

In the event of failure to maintain the assured quantity or quality of potable water after the prescribed filtration/treatment, the firm shall, at its own cost and without any additional financial liability to the University, make suitable alternative arrangements. If necessary, the firm shall also undertake the development of another deep borewell at a suitable location within the University campus, subject to technical feasibility and approval of the University.

11. Security Deposit

An amount equivalent to **10% of the total bill value** shall be retained by the University as a security deposit. The amount so retained shall be released after completion of six months from the date of successful completion and commissioning of the work, subject to satisfactory performance and

confirmation that no defects or deficiencies have been noticed during the said period. Any defects noticed during this period shall be rectified by the firm at its own cost before release of the security deposit.

12. Time Limit for Completion

The entire work, including site identification, drilling, installation of pipes and accessories, development of the borewell and making potable water available, shall be completed in all respects within **seven (07) days** from the date of placement of the work order by the University.

13. Right of the University

The University reserves the right to modify, accept or reject any or all quotations, either in whole or in part, without assigning any reason thereof. The decision of the competent authority of the University in this regard shall be final.
