Department Community Computer Classes for Children launched by Department of Social Work

On the eve of the Children"s Day of 2019, MSW 1 st and 3rd Semester students of the Department of Social Work has launched free weekly basic computer learning course for the students of the Rajiv Gandhi University community. The main mission of the initiative is to provide basic computer knowledge to the students of standard 7 to 10. It also aims at availing certain facilities of the University to the students of the University's Community. This initiative is the outcomes of the constant suggestion and guidance of our Faculty Supervisor John Gaingamlung Gangmei and the collective response and efforts of trainee social workers placed in RGU Community.

MSW Trainees Orienting Children at Computer Centre, RGU

Currently, thirty-one students have enrolled for the course. The Department will ensure that social workers trainee who will be placed in the community in next semester will follow-up the humble service with an enthusiasm with the vision" be the change, you want to see around "without which, the initiative will be incomplete.
