

About the National Conference MSASET-2019

The National Conference on Mathematical Sciences and Applications in Science, Engineering & Technology (MSASET-2019), 25-26 March 2019 has concluded its work successfully in Department of Mathematics, Rajiv Gandhi University. The MSASET-2019 was sponsored by University Grant Commission in associated with the Rajiv Gandhi University organized by the Department of Mathematics, Rajiv Gandhi University. The Department of Mathematics, Rajiv Gandhi University is conducting National Conferences and Workshop for the benefits of researchers from time to time to bring together Mathematics scholars, researchers, scientists from its allied subjects to discuss innovative ideas and diverse topics on Mathematical Sciences and its Applications. In the previous year's conferences (RTMA-14 and RTMA-15) was joined by hundreds of participants from across the country. Building on the success of previous Conferences which were held in the Department, and MSASET-2019 has become the most widescale, extensive, spectacular event in Mathematical Sciences - related Conference history hosted by North East India for its high level and the large size of participation. Hundreds of attendees, paper presenters, keynote and tutorial participants, students have benefited in many ways from this conference. More than 40 scientific papers were presented by authors from different states of India despite the tide and busy schedule for the National Election, 2019. Five Invited and Keynote Speakers, and Technical Chair Persons addressed to audience and shared knowledge and rich experience of application of Mathematical Sciences. There were seven Technical Sessions, where the paper presenters presented their research articles, and the sessions were actively involved by the delegates. A cultural programme was arranged by the students of the MATHematics Department on 25th March 2019.

Inaugural and Valedictory Functions

The first day of Conference started with an inaugural function at the IDE Conference Hall, Rajiv Gandhi University, where a beautiful welcome song sung by the students of Mathematics followed by a welcome address by Convener of MSASET-2019, Prof. Sahin Ahmed, HoD. The following representatives addressed to participants with short welcoming speeches.

Prof. Saket Kushwaha, Vice-Chancellor, Rajiv Gandhi University

Prof. K C Chowdhury, Professor Emirates (UGC) retired from Gauhati University, Guwahati

Prof. Nazibuddin Ahmed, Professor, Gauhati University, Guwahati

Prof. B K Singh, Professor, NERIST, Nirjuli, Itanagar and many more.

The Vote of Thanks of the function was given by the Organising Secretary, Dr. Saifur Rahman, Department of Mathematics, Rajiv Gandhi University. Finally, a valedictory function was conducted in the department of Mathematics, Rajiv Gandhi University, where three best presenters were presented by best presenter certificates and the certificates were distributed among the participants.
