Select the modules with which you are comfortable with. Please let me know. I will then request to write at least two of the modules.

I am forwarding another couple of mails that will help you to prepare the content.

Looking forward to hearing from you.

best

Subho Roy

Thank you very much, sir for considering me for this project. I will try with my level best to be up to your expectation. After going through all the Modules, I think I will be very comfortable with the following four modules. You can assign me with any of these modules.

**Module 17:** Homo habilis

**Module 18:** Homo erectus

**Module 4:** Comparative anatomy of Man and Apes

**Module 23:** Methods for studying genetic principles in Man

Thanking you,

**Asghar**
