(A CENTRAL UNIVERSITY ESTABLISHED IN 2007 BY AN ACT OF PARLIAMENT OF INDIA)

No. RGU/VSAT-07/UMS/09-17

Dated 14<sup>th</sup> December, 2020

#### **NOTIFICATION**

Samarth eGov suite, an initiative of MoE and Delhi University is an Enterprise Resource Planning system. It aims to transform the university operations allowing universities to achieve operational excellence, improve productivity while meeting stakeholder's expectations.

The following members are hereby nominated till further notice for their respective roles in the Samarth project, for its smooth implementation in the university.

#### I. Samarth Implementation Committee

SI. No.	Samarth Role	University Representative	Contact Details	
1.	Monitoring and Signing authority	Dr. Nabam T. Rikam, Registrar	registrar@rgu.ac.in 9436895299	
		Prof. Otem Padung, Finance     Officer	otem.padung@rgu.ac.in 9856329021

#### Samarth eGov Suite Implementation Guidelines

- University is requested to ensure that function admin for each module is present at the scheduled time.
- 2. After the handholding, University is requested to send back the UAT sign off sheet with signature of competent authority.
- All the training material has been already shared with the university (<a href="http://docs.samarth.ac.in:8090/">http://docs.samarth.ac.in:8090/</a>), it is suggested that the concerned authorities go through it once before the handholding, for smoother implementation.
- 4. Necessary details should be provided to the rollout support to initiate the hand holding process.
- 5. Proceeding to the next set is only possible if the requirements from the previous Samarth training process is completed.
- 6. Samarth committee will be daily updated about the progress of your university
- All communication to Samarth project will be done through Samarth mailbox (projectsamarth@iic.ac.in)
- 8. Nodal officer, rollout support and Samarth email address should be copied in all the communication.
- 9. Any rescheduling should be informed prior to the session.
- 10. End of set implementation will see a usage review to track the progress and fulfillment of minimum requirements to proceed to the next set.

# Samarth

An Open Source, Open Standard enabled Robust, Secure, Scalable and Evolutionary Process Automation Engine for Universities and Higher Education Institutions

**Project Under** 

"National Mission in Education through ICT"

# 01 Project Overview

#### 1.1 Introduction

"An Open Source, Open Standard enabled Robust, Secure, Scalable and Evolutionary Process Automation Engine for Universities and Higher Education Institutions."

Enterprise resource planning (ERP) systems have been one of the most popular business management systems, providing benefits of real-time capabilities and seamless communication for business processes in large organizations. However, not all ERP efforts have been successful. Since ERP implementation affects the entire organization, its process, people, and culture, there are a number of challenges that an agency/institution may encounter in implementing ERP systems.

A university's most valuable assets are faculty, students, and staff. Each has distinctive interests within the same organization. For faculty, a university is a place to teach, conduct research, and write. For students, it is a place to learn, live, and grow. For staff, it may share many features with corporate work, including management structure, hours, and HR practices. Recently, some universities have begun replacing their legacy systems with ERP systems to improve management and administration. Our Lab reviewed many studies that determine Critical Successful Factors (CSFs) and risk factors to implement ERP in a University and formulated an implementation approach that emphasized upon the organizational dynamics involved in ERP implementation by using Critical Functions and three phases of framework viz. precursor condition, implementation process, and outcomes.

Critical Success Factors (CSFs) are among the important issues that ERP literature focuses on. Approaches and issues of CSFs by case studies were identified, studied, analyzed, proposed and developed. CSFs are defined as a set of activities that need constant attention in order to plan and implement an ERP system. Despite the differences that exist between organizations' environments, the main categories of technical CSFs are a concern of almost all universities. They are categorized as an organizational, technical, vendor, individual, cultural, social, political and national.

#### The major CSFs include:

- Complexity
- Transparency in Process
- Security
- Flexibility and efficiency of use
- System's response time to users' requests
- ✓ Data quality, analysis, and conversion
- Minimum customization
- ✓ User-friendliness, help, and documentation

- Visibility of the system's status
- Robustness and error prevention
- Software development (evolution), testing and troubleshooting

#### 1.2 Samarth Modules Snapshot

#### 01 Online Admissions

- ✓ UG, PG, PH.D/M.PHIL
- Applicant Dashboard
- ✓ Admission Process Automation
- Integrated Helpdesk

#### 03 HR & Payroll

- ✓ MHRD/UGC Compliant Recruitment
- Employee Record
- ✓ Leave Management
- ✓ Casual Leave Information

#### **05 Accounts & Finance**

- Research Project Management
- Grants & Other Charges Management

#### 07 Governance

- File Management & Tracking
- Legal Case Management
- RTI Management
- Core Communication

#### 02 Student Lifecycle

- ✓ LMS & Architecture
- ✓ Exam & Certificate
- ✓ Training & Placement
- ✓ Alumni

#### **04 Administration**

- Federated Content Management
- ✓ Faculty Proforma
- AQAR

#### 06 Establishment

- ✓ Estate Management
- ✓ Inventory Control & Management

#### 08 myUNI

- uniCAN Computer Access Network
- Email and Web Services
- ✓ ICT Services

# 02 Project Outline

#### 2.1 Key Terms

→ MHRD : Ministry of Human Resource Development

→ Project : Project Samarth

→ DU : University of Delhi

→ CU : Central University selected for ERP implementation

→ HEI : Higher Education Institution selected for ERP implementation

→ Nodal Officer : Single point of contact at CU for Samarth Project

→ CA : Competent Authority

#### 2.2 Overview

Based on interactions held with MHRD, it emerged that there is a need to provide the developed framework to other Universities & HEIs. In the following chapters, details on the exhaustive "Project" for implementing in Central Universities (CU) have been provided.

#### 2.3 Objectives of the Project

- Develop and maintain consistent data definitions;
- Increase data security, integrity, validity and reliability;
- Assure system-wide security and protection of confidential information;
- Seamless integration between technology and education delivery by providing a single platform based on new technologies and open standards;
- Access control/role-based access to data in real-time (for all its stakeholders) provide accessible, user-friendly administrative and student support services;
- Reduced the need for backup or shadow systems;
- A platform for re-engineering practices and continuous process improvements.

# 03 Implementation Methodology

#### 3.1 Onboarding

The onboarding process involves provisioning of ERP instance for CU under the SAAS model after selection.

#### The steps involved are orderly listed below:

- Project induction to Nodal Officer
- ✓ Formation of CU Project Group
- Provisioning of Demo ERP instance for CU
- ✓ Feedback about the system configuration from CU Nodal Officer
- Analysis, Time and effort estimation for carrying out configurations using PERT Method
- ▼ Review and Agree on Criteria for Prioritizing the configuration requirements with Nodal Officer
- Acceptance of configured ERP Instance by CU (Nodal Officer)

#### 3.2 Roll-out/Deployment

Roll-out/Deployment starts after acceptance of provisioned instance by CU.

#### Key functions undertaken under this are:

- Support for initial configuration of ERP modules
- Training of system and department users
- ✓ On-site support for roll-out period of 2-3 months, extendable to 4-6 months.
- Ongoing remote support with periodic performance reviews for the project duration.

#### 3.3 Roles and Responsibilities of Nodal Officer

The Nodal officer will champion Samarth ERP implementation in her/his University by participating actively in the project and ensuring smooth coordination for timely onboarding of academic and other units of the university.

# The Nodal Officer will be the single point of contact for the following, but not limited to, key activities:

- Coordination with Samarth Team at University of Delhi
- To provide basic technical infrastructure and support to departments and other units of the university for using Samarth ERP

- Arrange technical human resources to be engaged with Samarth Team and Samarth ERP Roll Out Staff to be deployed at the university for smooth implementation
- ✓ To arrange regular training sessions related to the deployment
- ✓ To help in implementing Samarth ERP
- ▼ Timely provide all necessary approvals for the project implementation
- ✓ Arranging suitable accommodation/guest house for Samarth Team as and when required
- To arrange long term boarding and lodging of Maximum 2 Samarth ERP Roll Out Staff members at or nearby the university
- To setup a web-based video conferencing facility for day to day communication regarding the project
- To provide required information related to the institution's profile and level of existing automation of processes, if any.

**Core Functions** 

Samarth Modules

Sub-Modules/Features

100%

Automation Engine for Universities

#### 4.1 Samarth Modules

Functions	Modules	Sub-Modules/Features
→ University Details	Organisation Structure	Organisational Map  - Create organisational units and define hierarchies  - Capture details of departments, faculty, colleges etc.  Data APIs to display content and OU details  on Website
	Organigram	Designation Map  - Create Designations across organisational units  - Define Hierarchies  Data APIs to display organigram on Website
	User Management System	Role based access  - User and System defined roles  - Roles and permissions management  Login Administration  - Administrative logins for seat/designation based functions  - Employee Logins  - Student Logins  - Multi Factor Authentication
→ Student related services/activities	Student Lifecycle	Student Portal  - Student Profile (Personal Information)  - Gateway for all activities and services available for Students  - Login to track attendance, assignments, pay fee, participate in events etc.  - Interface to provide Feedback  Academic Records  - Academic Progression  - Assessment performance  - Linkage with NAD, Aadhar etc.  Library Integration  - Integration with Open Library Management System to track issuance, returns, etc.

Functions	Modules	Sub-Modules/Features
→ Student related	Grievance Management	Online portal for filing Grievance
services/activities (Continued)		Admin Portal to Manage Grievances
		- Escalations
		- Redressal meetings and Resolution
	Alumni Portal	Alumni Registration
		- Auto registration for fresh graduates
		Event Notification
		Alumni Feedback
		Alumni Meets/Seminars
		Donation Interface (linked with endowment portal
	Training and Placementst	Company Portal
		Students Portal
		Admin Portal
		Internship and Job Opportunities
		Online posting and Application
→ Academics	Programme Management	Manage Programmes
		- Create and manage Programmes based on UGC
		specified degrees
		Manage Curriculum
		- Create curricula across multiple term and
		part combinations
		- Create and Manage CBCS curriculum
		Create Course Structure
		- Approve curriculum/courses
		- Define admission and progression criteria and rules
		Seats and fee configurations
		<ul> <li>Configure category and gender based seats and fee</li> <li>Define Fee rules</li> </ul>
	A	
	Academic Management	Time Table preparation & Dissemination  Attendance Management Assignments & Feedback
		Forums and Blogs
		Academics Resources: Notes and - Online Material
	F. I	
	Evaluation and Grading	Examination Management
		- Scheduling of Exams, Exam Fees, Hall Tickets,
		Seat Allocation
		Result Preparation & Communication
		Mark card, Degree Printing

Functions	Modules	Sub-Modules/Features
→ Academics (Continued)	Evaluation and Grading (Continued)	Transcripts & Certificates  - Online application interface  - Fee payment  - Request monitoring and administration  - Student and administrative logins
→ Administration	File Management and Tracking System	Manage incoming and outgoing files  Track files  - Department wise  - Active and Inactive files  - Locked and Unlocked file  - Re-opened Files  Report generation  File history  - Activity Logs
	Research Project Management System (RPMS)	Research Project Approval  Accounts  - Sanction Orders  - Record Expenditure  - Generate Utilization Certificates  - Statement of Expenditure  Project Committee Management  - Create and manage Project appointment committee, project purchase committee and other committees  - Organise committee meetings
Co Sy	Affiliation Management	Affiliation request  - Online portal to submit affiliation requests in line with UGC policies  Administration of affiliations  - Monitor and manage affiliation status
	Content Federation System (CFS)	Federated content publishing for university web portal Role based access to Organisational Units to submit content for approval Content moderation and approval mechanism
	Endowment Portal	Online portal for endowment from alumni and public Payment Gateway Integration Issue Tax exemption certificate under Section 80G (2) (a) (iiif) of the IT Act, 1961

Functions	Modules	Sub-Modules/Features
→ Establishment	Estate Management System	Capture and track estate of the university  - Details of rooms  - Details of washrooms  - Details of floor in a building  - Details of Roads and Footpaths in the campus area  Employee Housing Records  House Allocation
	Inventory Management System	Stock Details - Inventory Category - Purchases through GEM - Returnable Items - Consumable and Non Consumable Items - Depreciation of items  Metadata based  Asset Tracking - Asset Assignment  Vendor Management  Report Generation
→ HR	Recruitment System	- UGC rule based Recruitment for Assistant Professors, Associate Professors, Professors - Recruitment for non-teaching staff
	Employee Management	Employee Record - Service Cadre - Nationality - Nature of employment Employee Dashboard Career Advancement Scheme/APAR
	Leave Management	Leave dashboard - Employees on leave on the basis of day, week, month Leave Application - Leave record number - Duration of leave - Leave record of each employee Leave application for approval - Recommendation Requests - Review Requests - Sanction Requests Leave Cancellation Requests

Functions	Modules	Sub-Modules/Features
→ HR (Continued)	Residence Allocation Management	Allocating residences to university staffs Managing residences Maintenance of residences
→ Accounts and Finance	Fee Management	Customised fee rules for various services Fee administration - Received and refunded payment - Public Payments - Check Payments Event Fees Departmental Roles and Access Report Generation
	Payroll Management	7th CPC With Salary Customizable salary structures Income Tax Declaration/Deposition Form 16 and Form 24 reporting Tax Deduction Remittances PF Interest Calculation Automated recurring and non-recurring salary generation Multi level approval mechanism Employee Salary Slips
	Budget and Accounts	Formulation & Allocation Expenditure Monitoring Grants-in-Aid (for Sponsored Projects in RPMS) Budget and expenditure Other Charges Records Department Access Dashboards
	Procurement of Goods (linkage and Interfacing)	Integration with GEM and CPPP
	Bill Tracking System	Manage Vendor bill Payments - Purchase orders - Capture Diary No., Date of passing from Finance Dept Objections raised Activity Logs Report Generation

Functions	Modules	Sub-Modules/Features
→ Knowledge Management	Research Management	Research Scholar Profile - Publications - Experience
		Supervisor & Co-Supervisor
		Pre-Ph.D Seminar
		Online Thesis Management
		- Online Thesis Submission
		- Thesis Approval
		- Thesis Evaluation by Examiners
		- BRS Meetings
		- Thesis Result Publishing
	Knowledge Management	Publications Record
		- Records of academic publications like books authored,
		editor approved chapters, research paper etc.
		- Data APIs to display information on Website
		Patents Record
		<ul> <li>Reports of Patents filed and granted</li> <li>Data APIs to display on Website</li> </ul>
		Data Ari is to display of Website
	ToT Management	Online Platform for training of the trainers
		Online quizzes/ evaluation
→ Governance	RTI Management	RTI Management workflow
	agee	RTI dashboard
		- Status of RTI- new, pending, responded
		- Forward to Departments
		Role based access to CPIO and Appellate Authorities
		Report Generation
		Progress tracking
		- Reminder to marked department
	Legal Case Management	Records of Legal Cases
	Legal Case Management System (LCMS)	Records of Legal Cases  - Hearing details date, week and month wise
		*
		- Hearing details date,week and month wise
		- Hearing details date, week and month wise - Favour and Against Cases
		- Hearing details date, week and month wise - Favour and Against Cases Notifications
		- Hearing details date, week and month wise - Favour and Against Cases Notifications Case decisions
	System (LCMS)	- Hearing details date, week and month wise - Favour and Against Cases Notifications Case decisions - Case status
	System (LCMS)	- Hearing details date, week and month wise - Favour and Against Cases Notifications Case decisions - Case status  AQAR-NAAC Reports
	System (LCMS)	- Hearing details date, week and month wise - Favour and Against Cases Notifications Case decisions - Case status  AQAR-NAAC Reports Departmental Access

Functions	Modules	Sub-Modules/Features
→ Governance	Third-Party University	QS World
(Continued)	Ranking Systems	The World University Ranking (WUR)
		IndiaToday University Ranking
	Minutes & Resolutions	Repository of minutes and files
	Archive & Retrieval System	Role based access and retrieval
→ Other Services	Sports	Sports Mapping
		Sports Facilities In Organization
		Sports/Gym Membership
		- Register
		- Optional Fee Payment
	Transport	Fleet Management
		- Manage Vehicles
		- Assigning vehicles
		Daily Tracking of vehicles
		Expenditure Reports
		- Miles covered - Fuel Usage
		- ruei Usage
	Health	Health Dashboard
		- List of Hospitals/Panel
		- Health Facilities
		Subscription and memberships - Membership Plans
		- Membership Records
		- Fee status and Fee Amount
		- Payment Integration
		Health Record
	Security	University Helplines
		- List multiple types of helpline, Contact authority,
		Helpline number and email
		- Track Status of helpline
		- Data APIs to display information on Website
		Security Facilities - Security Guidelines
		- Data APIs to display information on Website
		Awareness Programs/Workshops
		- Create programs with Program Type, Duration,
		Organiser, Feedback/outcome
		- Data APIs to display information on Website
		Incident Record
		- Resolution
		- Incident type

Functions	Modules	Sub-Modules/Features
→ Other Services	Essential Services	Incident Management
(Continued)		Amenities Subscription
		- Guest House
		- Conference hall
		- Parking
→ Core Modules	Core Communication System	Send Bulk/Targeted Emails
		Send Bulk/Targeted SMS
		Send Bulk/Targeted Push Notifications
	IT Service Desk (for	Manage Incidents/Service Requests
	University Computer Center)	Manage SLAs
		Service Request for University IT Services
		Self Service Portal

### 4.2 Samarth eGov Suite - Roadmap

<b>Product Rollout Phases</b>	Modules	Total = 44 Modules
→ Pack 01	01 Organisation Structure	
(15 Modules)	02 Organigram	
(	03 User Management System	
	04 Admissions System	
	05 Research Project Management System (RPMS)	
	06 File Management and Tracking System	
	07 Estate Management System	
	08 Inventory Management System	
	09 Recruitment System	
	10 Employee Management	
	11 Leave Management	
	12 Fee Management	
	13 Bill Tracking System	
	14 RTI Management	
	15 Legal Case Management System (LCMS)	
→ Pack 02	01 Hostel Management	
(11 Modules)	02 Training and Placement	
	03 Programme Management	
	04 Content Federation System (CFS)	
	05 Payroll Management	
	06 Budget & Accounts	
	07 Knowledge Management System	
	08 Sports	
	09 Transport	
	10 Health	
	11 Security	
•••••		

#### → Pack 03

(18 Modules)

- 01 Student Lifecycle
- 02 Grievance Management
- 03 Alumni Portal
- 04 Academics Management
- 05 Evaluation & Grading
- 06 Affiliation Management
- 07 Endowment Portal
- 08 Residence Allocation Management
- 09 Procurement of Goods (linkage and Interfacing)
- 10 Research Management
- 11 ToT Management
- 12 Central Data Unit
- 13 University Web Portal
- 14 Third-Party University Ranking Systems
- 15 Minutes & Resolutions Archive & Retrieval System
- 16 Essential Services
- 17 Core Communication System
- 18 IT Service Desk (for University Computer Center)

#### 4.3 Salient Features of the System

#### ✓ Single Sign-On

Web based Single sign-on with Optional LDAP integration

#### ✓ Cross-Platform

"Samarth" is based on open standards, hence gives the flexibility to choose from the various available platforms for the deployment including Linux, UNIX and Windows.

#### Interoperability

Each module exhibits great easy while exchanging information, hence a transaction flow, which requires passing through the multiple components can be easily implemented.

#### Modularity and Scalability

"Samarth" modules can function as independent applications. The modular architecture enables the users to define the functional instance by selecting application modules relevant for the use case. The architecture is SAAS oriented and hence highly scalable.

#### Security

"Samarth" addresses security at multiple layers. The entire framework works on RBAC (Role-Based Access Control) and requires multilevel authentication for business-critical functions. At the data layer, critical user information like passwords is encrypted prior to storage in the database. The web transactions are secured by implementing HTTPSAccess Control) and requires multilevel authentication for business-critical functions. At the data layer, critical user information like passwords is encrypted prior to storage in the database. The web transactions are secured by implementing HTTPS

#### ✓ Logs

"Samarth" maintains a complete audit trail life cycle for each individual transaction.

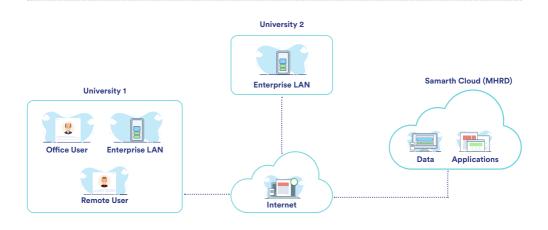

#### 5.1 Software as a Service (SaaS)

Where the system is hosted centrally on cloud and offered to other universities as a Service (SAAS)

→ Deployment Architecture - SaaS

- · No Capex
- · Quick Deployment & Roll Out

SaaS

Software as a Service Architecture
