

MA 1st SEMESTER STUDENTS 2020-22

In order to resolve day to day academic problems of the students, mentors are appointed for a batch of 9 (nine) students, and they will counsel the respective students to solve the problems that one may come across during their course of study. The mentors are expected to support and encourage their learning and development. The students can seek advice and support about studying in a new environment and other information as required. This is a continuous process till the end of academic career of the student.
