Department of Social Work

Rajiv Gandhi University (A Central University)

Rono Hills, Doimukh,

Arunachal Pradesh – 791112

OVERVIEW

The two (2) years Master of Arts in Social Work (MASW) programme comprises of four (4) semesters with each semester having four (4) theory papers along with mandatory Social Work Practicum. Adhering to the spirit of Choice Based Credit System (CBCS), the MASW Course Curriculum incorporates Core, Supportive, Inter-Disciplinary, and Elective courses. The inclusion of Massive Open Online Courses (MOOCs) and mandatory Research Project as envisioned in National Education Policy (NEP) 2020 are the latest highlights of the course curriculum. The sequence of papers is well thought out from Core Domain to Soft Courses followed by Open Electives and Research Project so as to build insights and ensure personal as well as professional development of the learners. Each theory paper will be taught for 5 hours per week including 2 hours tutorials. Every theory paper consists of 100 marks which includes 20 marks for Internal Assessments and 80 marks for Term End Examinations. There will be three Internal Assessments per semester for each theory paper from which highest two will be considered for final evaluation. Students will have to secure minimum passing marks (45%) in their Internal Assessments for appearing in Term End Examinations. During third semester, students can opt for any one of the soft courses from the given course structure as well as Relevant PG level MOOCs available in SWAYAM Platform while one open elective paper will be offered for students from other departments. MASW students, during third semester, will be required to opt one Open Elective Course based on their interest as offered by different departments of the University.

During fourth semester, the students can opt any one soft course from the given course structure. Field Work being our signature pedagogy will be mandatory component of course curriculum during each semester. For first three semesters, the Field Work will go simultaneously with course work namely Concurrent Field Work Practicum while during the fourth semester it will be in the form of a consolidated four (4) weeks training known as Block Field Work. Hence, students will be doing Social Work Practicum (SWP) in every semester as per the guidelines given in the course curriculum. Apart from SWP, after the conclusion of 4th Semester Term End Examinations, students will have to accomplish four (4) weeks of mandatory Internship as per choices opted by them and finalised by the Department. It will be evaluated before the declaration of 4th semester examination results. Overall, each student has to accomplish 88 credits to complete his/her Master's Degree in Social Work (MASW) including Internship.

SEMESTER I
SOW 515: SOCIAL WORK PRACTICUM - I

Max Marks: 200 [50/150]

Transaction Time: 16 hours including 1 hour IC/GC per week.

The field work practice in the first semester will consist of orientation programme, lab sessions for skills training and concurrent field work for 15 weeks (two days per week). In the first semester, the focus of the field work would be the community. The students would be placed in communities, service organizations and government agencies working with communities, and in those settings where they can be exposed to the community and community issues. The students get a close feel of the community and the community settings, understand the dynamics and issues in the community and become aware of the sensitivities of people while working with them. They also get an actual experience of the programmes and projects implemented in the communities by NGOs and government agencies and the impact that these have on the community. They also would interact with the agency personnel and the community members to understand the tension between tradition and change that the communities in the region are likely to experience, and how it is handled. They would, with the help of the agency and the field work supervisor, identify an issue and work on it following the principles of community organization. The students are expected to be creative and innovative in assisting the agency and community in whatever way possible.

Normally a student spends sixteen hours spread over two days per week in field work. The supervisor conducts individual and group field work conferences regularly.

The student maintains a daily/weekly report which is shared with supervisor during Individual Conference (IC)/Group Conference (GC). At the end of the semester the student submits a summary report for the semester and viva-voce is conducted. There will be weightage for Orientation Programme and IC/GC in the term end evaluation.

Orientation Programme - I

The Orientation Programme is aimed at providing appropriate direction to professional learning. It involves familiarizing students with the problems of society, especially issues of marginalization and exclusion as also examining the resource base available for mobilizing them and motivating them to

initiate work in the field. The orientation programme is of ten days duration for the MASW first year and of five days duration for MASW final year students.

Objectives of Orientation Programme

1. To introduce new entrants to the staff and senior students of the Department and also to various facilities and programmes of the Departments.
2. To induct students to the social work profession by orientating them to its philosophy, methods and areas of intervention.
3. To orient them to the fieldwork programme and its various components i.e. concurrent fieldwork, winter placement, rural camp and block placement.
4. To acquaint students with administrative framework and programme of field work.

Concurrent Field Work-I

Concurrent fieldwork provides students an opportunity to develop intervention skills. It involves the placement of students in two different setting viz., (a) Community and (b) Agency/Organization. Each student is given a field experience in both the settings within the two years duration of the academic program. A student will be placed in one fieldwork setting for the first two semesters and subsequently in a different setting for the third and fourth semesters.

Objectives of Placement in Community

- (1) To develop an understanding of the community, its structure, resources and characteristics.
- (2) To understand and appreciate the multiple identities people have as also to acknowledge and comprehend the multiple layers of the supposedly singular identity.
- (3) To develop skills to analyze perceptions of community regarding their problems, needs and issues affecting their lives with Paulo Frerie's notion of critical consciousness
- (4) To develop skills in problem solving at individual, group and community levels, mobilize people around common concerns and formulate tentative strategies and programs to address some of the issues confronted.
- (5) To develop skills in problem solving and intervention in the person – environment context with a rights-based approach.
- (6) To develop skills in research and evaluation.

Objectives of Placement in Agency/Organization

- (1) To understand the agency's objectives, structure and functions.
- (2) To develop an insight into the social, economic and cultural lives of client groups.
- (3) To develop an understanding of the planning and implementation process of programs and learning to evaluate them in the context of the larger socio-political milieu.
- (4) To develop skills in helping and problem- solving procedures at individual, group and community level.
- (5) To develop skills in networking with various other organisations viz.(i) to facilitate the process of implementation of programs and (ii) to link up the larger advocacy efforts on relevant issues.
- (6) To develop knowledge and skills in documentation.

Duration and other requirements

Students are required to devote 16 hours per week for fieldwork. This includes time spent working in the community or agency 2 days a week, writing of the reports for the two days, meeting the Department Supervisor once a week for individual conference and attending group conference at the Department once a fortnight.

At the end of the semester the student submits a summary report alongwith a duly filled in Self Evaluation Performa for the semester and viva-voce is conducted.

SEMESTER II
SOW 525: SOCIAL WORK PRACTICUM- II

Max Marks: 200 [50/150]

Transaction Time: 16 hours including 1 hour IC/GC per week.

The field work practice in the second semester will consist of Rural Immersion Camp for one week and Concurrent Field Work-II for 15 weeks (two days per week).

Concurrent Field Work - II

In the second semester the student is placed in civil society organization and /or community as well as institutions where they can practice professional methods of social work intervention. Every week the students write a report of their activities and submit it to the concerned field work supervisor. The supervisor conducts individual and group conferences regularly.

During Concurrent Field Work (CFW) – II, It is mandated for every social work trainee to undertake at least three Social Case Work interventions, two Social Group Work intervention and one Social Work Research in his/her agency or community of placement. while all other mandates continue to be similar as CFW-I.

Rural Immersion Camp

There will be a mandatory week-long Rural Immersion Camp during this semester during which the social work trainees will be expected to inculcate the exposure to community living, indigenous knowledge, and day to day challenges of a distant locality.

It is an integral part of practice learning. It provides students an exposure to rural life, problems and issues related to rural life and enables them to plan, organise and implement relevant programmes. It also helps students evolve a pattern of participative, reflective and analytical learning. The students are guided through the process by faculty members who accompany them.

Objectives of Rural Immersion Camps:

- (1) To acquaint the students with the aims and objectives of the Coordinating Agency.
- (2) To understand the socio-cultural aspects of rural life.
- (3) To conduct a rapid survey of the village with a view to identify the problems, the felt needs of the villagers through Participatory Rural Appraisal (PRA) and Rapid Rural Appraisal (RRA) techniques.
- (4) To plan social work intervention strategies in the area.

The rural camp experience is divided into three phases:

- a. Pre-camp orientation and planning
- b. Camp activities
- c. Post-camp activities (sharing, presentation and documentation)

Students are adequately oriented with the objectives and guidelines of the camp before they reach campsites. During the camp, all students stay in premises of the Coordinating Agency and familiarize themselves with its objectives, functioning and programs. The students are then divided into sub groups and each sub group is sent to a separate village where they are expected to learn about the various socio-cultural aspects of that village. With the help of villagers and local leaders, they conduct a survey of the village to identify the problems, their felt needs and available resources through PRA and RRA techniques. Keeping in view their needs and available resources, they learn to plan social work interventions. This includes planning a meeting with the Sarpanch and Panchayat, members of self-help groups and other important groups existing in the village. On the last day of the Camp, the students are involved in social action in the village using a program media suitable to the needs of the village.

The last day of the rural camp is also for sharing of learning and experiences by all the groups with their classmates using various innovative tools like exhibit, photographs, charts, sketches and skits. The emphasis is on sharpening their analytical and presentation skills.

There will be weightage for Rural Immersion Camp, Professional Methods of Intervention and IC/GC in the term end evaluation. At the end of the semester the student submits a summary report along with a duly filled in Self Evaluation Performa for the semester and viva-voce is conducted.

SEMESTER III
SOW 540: SOCIAL WORK PRACTICUM - III

Max Marks: 200 [50/150]

Transaction Time: 16 hours including 1 hour IC/GC per week.

The field work practice in this semester will consist of Orientation Programme, Field Study Tour, Inter-Agency Meet and Concurrent Field Work (CFW-III) for 15 weeks (two days per week).

Concurrent Field Work (CFW)- III

The Concurrent Field Work (CFW)- III during the third semester is in line with the soft courses that the student has opted for. The students are placed in NGOs. Organizations of Government agencies working in the various sectors of community development; in hospitals, rehabilitation centers, counseling centers and similar agencies working in the field of health; in both government and non-government institutions and agencies working on the issues of the substance abuse, mental health, HIV & AIDS, family, children, youth and the elderly. They are expected to understand the vision, mission, objectives and strategies & programmes of the agency in which they are placed, the way the agency is administered, the issues they work on, the processes and methods they use, and the approaches they adopt in working with people and situations. They become part of the agency while they are placed there and involve in its activities. The students also undertake any assignments given to them by the agency; they may also undertake any research for the organization. The students are expected to practice the primary and secondary methods of social work in their respective fields of specialization.

Normally a student spends sixteen hours over two days per week in field work. The supervisor conducts individual and group field conferences (ICs/GCs) regularly.

Orientation Programme- II

The Orientation Programme is aimed at providing appropriate direction to professional learning. It involves familiarizing students with the problems of society, especially issues of marginalization and exclusion as also examining the resource base available for mobilizing them and motivating them to initiate work in the field. The orientation programme is of ten days duration for the MASW first year and of five days duration for MASW final year students.

Objectives of Orientation Programme

MASW (Final – 3rd and 4th Semester)

The objectives are:

1. To orient students about the importance and use of an integrated approach to social work practice.
2. To orient them to the diverse needs and requirements of different settings.
3. To equip them to apply different intervention strategies for varied settings.

Field Study Tour (FST)

During third semester MASW students are taken out for a Field Study Tour (Educational Visit) to places of socio-political-ecological or contemporary significance for exposure visits and first-hand interactions with service providers and/or clientele groups. Specific intended outcomes of Field Study Tour as a mandatory field work component include the following:

- a. To enhance the knowledge and competency through exposure visits to the different educational, government and non-governmental institutions;
- b. To interact with eminent educationists, government officials, NGO functionaries, social reformers, and political representatives; and
- c. To enhance the first-hand knowledge by visiting the places of historical, educational, and socio-political significance.

Inter-Agency Meet (IAM)

Scheduled during third semester of MASW Program Inter Agency Meet is designed to establish an organic link between the department of Social Work and agencies/community of Field Work Placements. Stakeholders including service providers, intended beneficiaries, administrators and academia meet during IAM once every academic session to ensure that there is regular connection and all the stakeholders feel included in the larger process of learning and intervention. The specific outcomes of IAM include:

- a. A Meaningful Engagement and Interaction Platform between different stakeholders in Social Work Training;
- b. Enhanced Rapport with Agency, Community and other important stakeholders; and
- c. Skills in mobilization and Program Planning among trainees/students.

The student maintains a daily/weekly report which is shared with supervisor during Individual Conference (IC)/Group Conference (GC). At the end of the semester the student submits a summary report for the semester and viva-voce is conducted. There will be weightage for Orientation Programme, Field Study Tour, Inter-Agency Meet, and IC/GC in the term end evaluation.

Every week, the students write a report of their activities and submit to the concerned field work supervisor. The supervisor conducts individual and group field work conferences regularly. At the end of the semester the student submits a summary report along with a duly filled in Self Evaluation Performa for the semester and viva-voce is conducted.

SEMESTER IV
SOW 500: RESEARCH PROJECT

Max Marks: 100 [20/80]

Transaction Time: 3 periods (1 hour each Lecture Day) + 2 hour of Tutorial each week

Adhering to the spirit of National Education Policy (NEP) 2020 Research Project for all the students of MASW programme has been mandated to inculcate the spirit of Scientific Enquiry as well as enhance their Original Thinking.

The students are placed under a supervisor for the research project work. Each student identifies a research problem in the area of his/her interest, defines the problem, collects the review of literature, sets down objectives, prepares a proposal, formulates the research problem, and constructs tool(s) for data collection. Afterwards, the students undertake the data processing and presents his/her findings in a pre-submission seminar. After incorporating inputs received during the pre-submission seminar in consultation with Research Supervisor, a student submits the final copy of dissertation for evaluation. At the end of the semester the student will appear for the viva-voce examination as part of the evaluation.

SEMESTER IV
SOW 548: BLOCK FIELD WORK

Max Marks: 200 [50/150]

Transaction Time: Four (04) Weeks.

The Block Field Work scheduled for IV Semester comprises a consolidated month long (04 weeks) placement on choice/interest of the learners adhering to the spirit of Choice Based Credit System (CBCS) and in accordance with their Field of Specialization/Soft Courses. The specific outcomes expected of this component include the following:

- a. To offer an opportunity of doing Field Work without Territorial Restrictions of the Institute's Location;
- b. To gain insight in fields of specialization working with/at best of the institutions; and
- c. To inculcate aptitude for professional intervention and documentation.

Students are required to undergo block placement for a minimum period of 30 days. The report of Block Placement will be evaluated by external examiner. Keeping in mind the Choice Based Credit System (CBCS) and availability of learning opportunities for the students, the department selects agencies/projects spread all over the country from a list of carefully screened organizations. The purpose of Block Placement is to provide the students some pre – employment experience. It broadens the students' perspectives and also enables them to assume professional responsibilities after completing the MASW Program. The Block Placement agencies are selected with the consent/choice of students. No student is allowed to be on paid employment during the period of block placement. However, the students can accept an honorarium in case the agency so decides.

The student is expected to start the Block Placement on the date specified by the Department. Any unauthorized delay in starting or discontinuation is dealt with seriously. If a student leaves Block Placement agency without prior approval of the department or if the Block Placement performance is found to be unsatisfactory. In such circumstances, the department is not under any obligation to arrange for an alternate block placement immediately. The student may have to wait until the next year for completing the Block Placement. During Block Placement, student is required to submit a detailed report of the work done. The report must be submitted to the department after it is signed by the students and counter signed by the agency supervisor.

The students are placed based on their choice/interest in settings related to their field of special interest like community-based organizations, organizations, hospitals, schools, NGOs, government agencies, counseling centers, rehabilitation centers, welfare organizations, or service organization, for a month (four weeks). The student has to be part of the organization and take part in all the activities of the organization and undertake the assignments given to her/him. After completion, the student is required to submit a professionally sound and well documented report signed both by the agency supervisor and the student himself/herself to the Department. Though, there will be no marks for the Internship, however the final degree will be awarded only after a department appointed committee scrutinizes the report carefully and finds it worthy of being accepted as a professional report, failing which the student will have to repeat the Internship before the award of degree.

At the conclusion of the Internship, the agency supervisor sends a confidential report about the performance of the student to the department. A student will be eligible for the university degree only after the satisfactory completion of Internship.
