About the workshop: The use of statistical and econometric tools and techniques for research in economics, commerce and management is found to be enormous in recent times. A clear understanding of the theoretical issues and the skill of operating the software are two significant requirements for proper use of such tools and techniques. With this backdrop, the aim of the workshop is to provide a proper understanding of some of the important statistical and econometric tools and techniques and for enhancing the skill in handling of software. The Centre for Development Studies (CDS), Department of Economics, Rajiv Gandhi University is going to organize a week long online national workshop on "Data Handling Using SPSS" during 17th to 23rd November, 2021 for faculty members and researchers in economics, commerce and management.

Topics to be covered: Numerical descriptions by MS-Excel and SPSS, Basic probability distributions, Comparison of distributions, Correlation, Regression analysis-Simple linear, Logit, Probit and Tobit, Time series analysis.

Class time: 1.30 pm to 5pm

How to apply: Interested faculty/researchers may submit the filled-in application form using the link https://docs.google.com/forms/d/1aSz0HzWXBDWU3GleejxPXcoCc_9NE1MteQXwvT7yENg/edit?usp=sharing.
