1.3. Background

Education is fundamental to development of an individual as well as society, and for a progressive society well defined, planned and futuristic education is required. In this connection every progressive society sets ideas and ideals for society and implements it through educational policy. Change is the reality of every society and education system follows the social and economic changes. Hence, it is very necessary to review the education system and its policy. In India, after independence first policy was made in 1968, but it could not be implemented. Again in 1986 another national policy of education came in existence. Based on this policy various changes took place in the education system. After 34 years in the year 2020 another National Education Policy (NEP) has come with the objective to reform whole

education system. It is the first education policy of 21st century and aim to address our nation's current developmental imperatives.

1.4. Objectives of the Webinar

- To bring about awareness on National Education Policy (NEP-2020) and fundamental features enshrined therein.
- To throw insights and in-depth understandings on NEP-2020 through dialogues among the practitioners and stakeholders.
- To enhance positive inclinations towards National Education Policy (NEP-2020) for implementation and operations by the recommended agencies.
- To familiarize with the new structure, governance, curriculum, transaction reflected in the NEP-2020.

1.5 Expected Outcomes of the Webinar

After completion of the webinar on NEP 2020 participants may have:

- Developed an understanding of provisions of NEP 2020 and reforms across the level of Education.
- Comprehended the proposed structure, process of instruction, curriculum and evaluation.
- Generated view points for the need of resources in state and region.
- Critical views on existing policies of education and appreciate the new initiatives.
- Further dialogues on NEP in terms of socio-linguistic and regional point of view.
