### Event Summary

On 21<sup>st</sup> Dec 2018, Department of Physical Education, Rajiv Gandhi University, Rono Hills Doimukh, Arunachal Pradesh under its outreach programme, conducted a 3 days **Nature Camp** for the Children's of 5 years to 15 years of age in the outskirts of the university campus. A total of 29 children attended the camp, out of which 12 were girls and 17 boys and the youngest was 5 years of age. Children's from university campus, Doimukh and Itanagar participated the camp. The main objective of the camp was to inculcate knowledge and to provide practical experience for overall growth and development, healthy living, social responsibility and personality development under the set-up of "**Fun Camp Environment**". The camp was helpful for young children as they involved themselves and learned new things in absence of their parents, they worked on creative activities, learn about the nature and environment. The children also took part in nature hiking from the university campus to Dikrong river exploring the diverse flora and fauna on the way. Children's were also educated on the ill effects of environmental pollution and global warming. The campers lived in the tent away from their parents for the first time and learned many things. During this three days, many creative and positive engagements were included in order to enhance their decision-making and to develop self-reliant. An adventure opportunity like zip-lining activity was included which children enjoyed the most. **Professor Saket Kushwaha, Hon'ble Vice-Chancellor** while giving away prizes to the campers appreciated the camp director **Dr. Tadang Minu** and Department for conducting such activities, he encouraged children's as well as parents for positive engagement in life and assured to provide all possible help in future for conduct of such outreach activities. He opined that, university through such activities will achieved the sustainable development, goals for peace, prosperity and progress of mankind.
