Subject: Letter for Collaborative Research in Fluid Mechanics

Dear Prof. Sahin Ahmed,

I am writing this letter to you to inform you that we have to continue our collaborative research work in different branches of Fluid Mechanics for the greater interest of the society.

Our research collaboration has started in 2010 and since then we have successfully completed many papers and published 6 papers in various reputed international journals (Scopus). Thank you so much for that. Hereby, I am thinking of continuing our collaborative research work in a research domain of new and challenging topics, like research in Nanofluids and MHD flows in arteries so that we together will pursue this collaboration and flourish soon with hard efforts.

I highly recommend you as one of my collaborator for my future research work. Thank you once again and looking forward for your positive response.

Best wishes and regards,

Dr. Ali J. Chamkha
Dean of Research
Professor of Mechanical Engineering
Prince Sultan Endowed Chair for Energy and Environment
Prince Mohammad Bin Fahd University
