OVERVIEW

The four (4) years Bachelor's Degree in Social Work (BSW) comprises of eight (8) semesters with multiple categories of courses namely Major, Minor, Multi-Disciplinary, Ability Enhancement, Skill Enhancement, Value Added and Internship Courses.

Social Work as an academic discipline and practice-based profession is the most contemporary and versatile, as well as the most open and interdisciplinary of social sciences. It trains students to grasp social structures, understand social processes, map the dynamics of social change, decipher social interactions and make sense of individual and collective experiences in their social, historical and cultural context. The course has been designed in response to a dynamic intellectual climate and shifting social concerns. Emphasis is also on ensuring familiarity with the elementary techniques of social investigation through training in evidence-based practice and vice-versa.

NEP 2020 aims to equip students with knowledge, skills, values, attitudes, leadership readiness/qualities and lifelong learning. The fundamental premise of Curriculum and Credit Framework for Undergraduate Programmes developed as per the guidelines of NEP 2020 is to specify what graduates completing a particular programme of study are expected to know, understand and be able to do at the end of their programme of study. The revised Curriculum and Credit Framework for Undergraduate Programmes System consists of 9 types of courses:

- 1. Major Course:** A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Major Course.
- 2. Minor Course:** It helps a student to gain a broader understanding beyond the major discipline.
- 3. Multidisciplinary Course:** All UG students are required to undergo 3 introductory-level courses. These courses are intended to broaden the intellectual experience and form part of liberal arts and science education. Students are not allowed to choose or repeat courses already undergone at the higher secondary level (12th class).
- 4. Ability Enhancement Courses (AEC):** Students are required to achieve competency in a Modern Indian Language (MIL) and in the English language with special emphasis on language and communication skills. The courses aim at enabling the students to acquire and demonstrate the core linguistic skills, including critical reading and expository and academic writing skills, that help

students articulate their arguments and present their thinking clearly and coherently and recognize the importance of language as a mediator of knowledge and identity.

5. **Skill Enhancement Course:** SEC courses are skill-based and are aimed at providing hands-on-training, competencies, skills, etc.
6. **Value Added Course:** These courses are designed to gain broader understanding of Indian values, constitution of India, environmental, ecological and health issues in India.
7. **Internship:** A key aspect of the new UG programme is induction into actual work situations. All students will also undergo internships / Apprenticeships in a firm, industry, or organization or Training in labs with faculty and researchers in their own or other HEIs/research institutions during the summer term.
8. **Research Project:** Students choosing a 4 - Year Bachelor's Degree (Honours with Research) are required to take up research projects under the guidance of a faculty member. The students are expected to complete the Research Project in the eighth semester. The research outcomes of their project work may be published in peer-reviewed journals or may be presented in conferences /seminars or may be patented.
9. **Discipline Specific Elective (DSE) Course:** The courses offered by the main discipline/subject of study for developing specialization in desired area is referred to as Discipline Specific Elective.

All the courses are designed to impart disciplinary fundamentals of sociology through a careful choice of reading list that draws amply from the rich and diverse tradition of sociological writing –classical as well as contemporary. The teachers and learners may follow these reading to comprehend the topic in detail and develop critical insight into the subject.

The course curriculum contains an amalgamation of diversified and insights-oriented papers. BSW Course Curriculum incorporates Major, Minor, Supportive, Inter-Disciplinary, and Elective Courses etc. keeping in mind the global parameters as well as academic and professional needs of Social Work discipline. The inclusion of mandatory Research Project as envisioned in National Education Policy (NEP) 2020 is the latest highlights of the course curriculum. The sequence of papers is well thought out from Major/Core Domain to Discipline Specific and Multi-Disciplinary Electives so as to build insights and ensure personal as well as professional development of the learners.

Field Work being our signature pedagogy will be mandatory component of course curriculum during each semester. For first semesters, the Field Work will be theoretical while from second semester the trainee social workers will go simultaneously with course work namely Concurrent Field Work Practicum. Students will be doing Social Work Practicum (SWP) in every semester as per the guidelines detailed in the course curriculum. During the fourth semester the students will go for Rural Educational Camp (REC) also known widely as Rural Immersion Camp as a mandatory component of Social Work Curricula. As another mandatory requirement, in partial fulfillment of the Bachelor of Social Work (BSW) (Hons.) the students in the fourth year will have Research Dissertation and Viva Voce (DVV).

A Social Work graduate is expected to become an informed, conscious and responsible citizen and also be equipped for a variety of careers including but not limited to: Academics, Civil Services, Activism and Advocacy. A brief overview & the scheme of 4-year course and syllabus for BSW (Honours) under NEP 2020 to be implemented from academic session 2023-24 is presented in subsequent sections.

Programme Objective(s) and Learning Outcome(s)

The outcomes and attributes attained by students through learning acquired on completion of a undergraduate programme of study in Social Work have been detailed in this section. The term 'programme' refers to the entire scheme of study followed by learners leading to a qualification. Programme learning outcomes include subject-specific skills and generic skills, including transferable global skills and competencies, the achievement of which the students should be able to demonstrate for the award of the Degree qualification. The programme learning outcomes clearly focus on knowledge, skills, attitude and aptitude that prepare students for further study, employment, and citizenship. They help ensure comparability of learning levels and academic standards across colleges/universities and provide a broad picture of the level of competence of graduates of Bachelor in Social Work (BSW) programme.
