

## ABOUT THE WEBINAR

### BACKGROUND

Education is fundamental for achieving full human potential, developing an equitable and just society, and promoting national development. Universal high-quality education is the best way forward for developing and maximizing our country's rich talents and resources for the good of the individual, the society, the country, and the world. The New Education Policy lays particular emphasis on the development of the creative potential of each individual. It is based on the principle that education must develop not only cognitive capacities - both the 'foundational capacities' of literacy and numeracy and 'higher-order' cognitive capacities, such as critical thinking and problem solving - but also social, ethical, and emotional capacities and dispositions. Therefore conduction of such webinar, is urgent need of the hour to acquaint the people in general and the students in particular about the various objectives, critical purposes of the integrated policy. It would also help assist the students to make the most of the NEP, both from an education oriented and psychological perspective to aid in choosing discipline and subsequent career specifically in the field of Psychology.

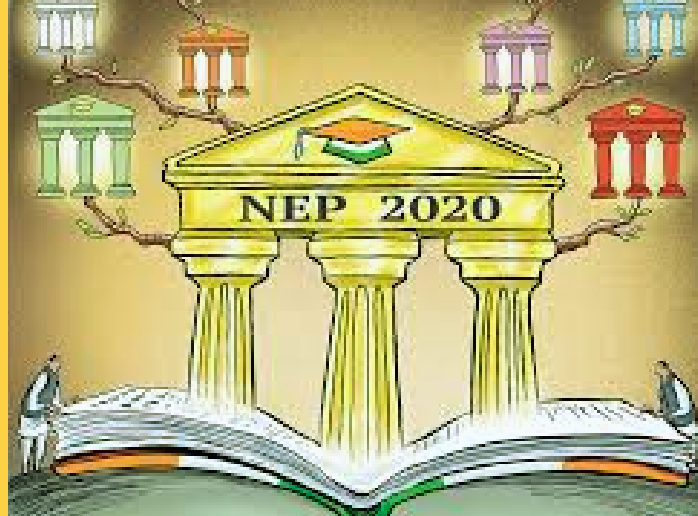

### OBJECTIVES

- Provoke discussions to disseminate a cognizance about the introduction of NEP, 2020.
- Provoke discussions to acquire a cognizance of the current problems faced by the teaching community, students and educational institutions across the state for best way forward to disintegrate the confusion or any educational related issues.
- Acquaint various stakeholders with the curriculum, format and pedagogy as per the NEP, 2020.
- To in still knowledge and dispositions particularly for the students that support responsible commitment consistent with NEP, 2020.

### EXPECTED PROGRAMME OUTCOMES
