## 14. ALUMNI SPEAK:

**Mr. Kipa Apa, Department of Management, Batch: 2021-23, Assistant Manager, Industrial Development Bank of India.**

The establishment of the Placement Cell in the Department of Management has played a

crucial role and, become a beacon of light for MBA graduates. I would like to thank the placement cell for providing me with substantial opportunities, and these opportunities have become an ignition point of my career. The gap between me and my

goal has been bridged by the placement cell through the campus recruitment process. My experience with the placement cell has been lavishly and cherisable. Moreover, staff working in the cell give a warm and friendly environment.

We also had group discussions and personal interview training that helped us to be better equipped with skills and boost our confidence. Morally, they boosted students, if any student could not clear their initial interview and motivated and supported them to do better in their upcoming interviews. As someone has rightly said "With great power comes great responsibilities", the placement cell has worked at its peak with its responsibilities and become the paragon of the state line.

**Ms. Gobom Karlo, MBA, Session - 2021-23, Assistant Manager, IDBI.**

First and foremost I would like to express

my gratitude for the efforts put in by the placement cell in assisting students with their career goals. It stands as a pillar of support, hope and paving the way for our future success. The commitment to excellence and the relentless pursuit

[www.rgu.ac.in](http://www.rgu.ac.in)

for our betterment makes the placement cell an indispensable part of our academic journey. Thank you for all that you do

The guidance provided by the placement cell counsellors during the resume building and interview preparation sessions was particularly helpful. The workshops and seminars conducted were informative and provided valuable insight into the current job market trends. I also appreciate the efforts made by the placement cell in inviting a diverse range of companies to the campus for the recruitment drive.

**Mr. Bharat Gyadi, Social Work, IIIrd Batch (2017-2019), Project Associate, North East Initiative Development Agency, TATA TRUSTS, Naharlagun, Arunachal Pradesh.**

My sincere appreciation and thankfulness to placement cell RGU for helping me secure a job

offer. I am grateful for the guidance and support placement cell has provided me throughout the interview process.

Placement cell RGU is a vital resource for students who are looking for jobs after their graduation. The placement cell helps
