## CALL FOR PAPERS

The NCIT2015 invites high-quality recent research results in the areas of Computing, Communication and Information processing. The objective of this event is therefore to foster the exchange of information among researchers in these fast moving fields. Contributions are invited on all the topics concerning computing sciences, communication and information processing. We are soliciting full length, original and unpublished papers based on theoretical and experimental contributions, describing the state-of-the-art research and development in these areas including, but not limited to the following topics:

Mobile Computing, Soft Computing, Fault Tolerant Computing, Cloud Computing, Signal processing, Optical Signal Processing, Quality and Reliability, Quality Assurance, Data Security, Reliable and secure communication, Simulation, Modeling and Performance Evaluation, Software Reliability and Testing, Dynamic Spectrum Access Networks, Design of Smart Cities and Social Networking, Infocom Systems Reliability, Power System Reliability, Reliability and Maintenance Models, Fault Tolerance in Hardware and Software systems, Fuzzy Optimization, Stochastic Petri nets, Expert Systems, Free and Open source software, Natural language processing, Computer Architecture and Embedded Systems, Artificial Intelligence and Experts Systems, Data Mining and Data warehousing, Mobile Adhoc Networks, Wireless Sensor Networks, Game theory and applications, Network Technologies, Cognitive Radio Networks, Convergence Technologies, Human-Computer Interface, Information and Network Security, Software Engineering, Advances on Computing Mechanisms, Software and Web Engineering, Web Mining and Web Technologies, ICT Act and Cyber Technologies

## About NCIT2015

The conference will be organised by the Department of Computer Science and Engineering, Rajiv Gandhi University (RGU), Arunachal Pradesh. The Conference will take stock of trends and development especially in the fields of computing sciences, communication and information processing and provide future directions to young researchers. The main goal of this conference is to bring together scientists and engineers who works in these fields in different geographical locations. Besides, it will help in sharing of experience and exchanges of ideas, which will bring collaboration in research activities. The conference will be beneficial for the researchers, academicians, industry and participants from technical institutes as well as R & D organizations and students working in the fields of computer science and information technology. It will enlighten the participants to share their views and ideas on latest technological developments in a interdisciplinary perspective.

## PAPER SUBMISSION

The papers should be in IEEE format

The papers in the IJCA format (maximum 6 pages) can be submitted through easychair (format and link for submission available in the website). Accepted and presented papers will considered for publication in International Journal of Computer Applications - IJCA (www.ijcaonline.org/ ) .

## IMPORTANT DATES

1. Last Date of paper Submission : 30<sup>th</sup> July 2015
2. Acceptance Notification : 31<sup>st</sup> August 2015
3. Final Camera-ready paper submission : 5<sup>th</sup> September 2015
4. Registration for authors: 10<sup>th</sup> September 2015
5. Conference Date : September 14 - 15, 2015

## REGISTRATION

REGISTRATION FEE	
Type of Delegates	Amount
Academic	Rs. 2000 /-
Students / Research Scholars	Rs. 1500 /-
Industry	Rs. 3500 /-
Foreign	200 USD
Accompanying Person	Rs.1,000/-

Registration is necessary for all participants including paper authors. At least one of the authors must register and pay the registration fee before the deadline to ensure that the paper is included in the conference proceedings.
